

Jack 15
From White to Brookings
South Dakota's Oldest Road Race
Established 1963
(15.2 miles)

Runners face traffic on left side of road start to finish.

Runners are allowed to angle across road at the intersection of County Rd 25 and County Rd 8. Before taking that angle runners must pass outside two cones - one cone 100 ft north of center of intersection (placed on east side of road, five ft from edge of roadway) and one cone 100 ft west of center of intersection (placed on south side of road five ft from edge of roadway)
